IDENTITY THEFT PREVENTION PLAN (ITPP)

The Firm maintains an Identity Theft Prevention Plan ("ITPP") that is intended to protect our clients and their accounts from identity theft and to comply with the FTC's Red Flags Rule. The ITPP addresses identification of relevant identity theft Red Flags for our Firm, detecting those Red Flags, responding appropriately to any that are detected to prevent and mitigate identity theft, and updating our ITPP periodically to reflect changes in risks.

To identify relevant identity theft Red Flags, our Firm assessed these risk factors:

- the types of covered accounts introduced to our clearing firm,
- the methods provided to open or access these accounts, and
- our clearing firm's previous experience with identity theft.

Our Firm also considered the sources of Red Flags, including identity theft incidents our clearing firm has experienced and how they changed identity theft techniques as they became aware of new risks, and applicable supervisory guidance of both our Firm and our clearing firm.

In addition to developing responses to Red Flags once they are identified, our Firm has also taken proactive measures to mitigate the likelihood of identity theft. Some of those proactive measures may include, but are not necessarily limited to, the following:

- Securing front-end system access,
- Physical and logical access controls,
- Secured vendor key-locked on-site shredding bins,
- Disposal of decommissioned electronic media, and
- Internal education to our staff and associated persons.

The Firm's ITPP also provides for on-going associate education and training and oversight of vendors who may receive confidential information.

The Firm's ITPP is subject to continual change as we assess the ongoing needs of our clients and changing business environment in which we operate. The Firm's ITPP is periodically reviewed by Management. Questions regarding the Firm's ITPP may be directed to our AML/ITPP Compliance Officer at WestPark Capital, Inc., 1800 Century Park East, Suite 220, Los Angeles, CA 90067 or via telephone at (310) 843-9300.

ANTI-MONEY LAUNDERING (AML) DISCLOSURE

The USA PATRIOT Act, implemented in October 2001, is designed to detect, deter, and punish terrorists in the United States and abroad. The Act imposes new anti-money laundering requirements on brokerage firms and financial institutions. WestPark Capital, Inc. has implemented its AML program. To help you understand these efforts, we want to provide you with some information about money laundering and our steps to implement the USA PATRIOT Act.

What is money laundering?

Money laundering is the process of disguising illegally obtained money so that the funds appear to come from legitimate sources or activities. Money laundering occurs in connection with a wide variety of crimes, including illegal arms sales, drug trafficking, robbery, fraud, racketeering, securities fraud and terrorism.

What are we required to do to eliminate money laundering?

Under the rules required by the USA PATRIOT Act, our firm has designated an AML Compliance Officer, set up employee training, arranged for independent audits, coordinate activities with our clearing firm, AXOS Clearing, LLC and established policies and procedures to detect and report suspicious transactions and ensure compliance with the laws. As part of our required program, you will be asked to provide various identification documents. Until you provide the information or documents and until your identity has been verified, you may not be able to open an account or make any transactions through us or our clearing firm.

We thank you for your cooperation and hope that you will support us in our efforts to deny terrorists groups' access to America's financial systems.
